

Tracy Learning Center Reopening Plan for August 3, 2020

Plan ONE

Bans have been increased, social distancing and masks are the law, Covid 19 is increasing in numbers and state mandates indicate schools must remain closed.

1. Tracy Learning Center will offer virtual learning daily for all students. Students will meet with staff virtually for instruction and be assigned work to do independently in addition to virtual Zoom teacher instruction. The instruction all be standards based curriculum.
2. Tracy Learning Center has a proven track record of using this model for three full months and while we believe it was successful, we are aware of the limitations.
3. Attendance will be taken daily and contact will be made with all students who are not regularly attending classes to inquire as to why and how it can improve. The calendar for 205 days will be implemented.
4. Technology will be available through check out for all students in need of assistance or support.
5. Grades will be issued as usual, work and attendance are mandatory,

Plan Two (MOST LIKELY THE PLAN WE WILL USE AUGUST 3)

COVID 19 seems to be slowing, schools are allowed to open with caution. Social distance and masks remain required.

Academic Plan

1. All students will be placed in an A or B group (by last name to keep families on the same schedule K-12)

2. Each group will attend school in person for two full days. Group A will attend on Monday and Tuesday, Group B will attend Thursday and Friday) The A and B groups allow for a tremendous decrease in the class size allowing for a great deal of individual attention and focus. The curriculum will be relevant, rigorous and interactive.
3. On Wednesdays, all students will be expected to attend virtual classes for two one hour sessions in grades TK-4) and one hour per class session in grades 5-12. Attendance will be taken and is mandatory.
4. On the two days not in attendance, each group will be assigned specific independent work related to the instruction they have received that will be due the same day. Attendance will be taken. Teachers will be available for questions during independent time if needed. The work, though new, will be an application of what has been taught in class that week and must be completed for a grade.

Plan Two required safety guidelines
--

Parents will not be permitted inside the gated areas but must wear masks for drop off and pick up

Temperatures will be taken daily at the gate area before entering the school grounds

Sanitizers and soap and water will be available in each room

In the event of a child who becomes ill, a closed off but visible area will be the waiting area until a parent arrives for the child.

Bagged Lunches may be purchased for room delivery by our food service, lunches from home must be in disposable containers including water for drinking. Fountains at school will be closed. No back packs at school. Individual pouches of pencils etc. will be given to each student for individual use and kept at school for grades TK-8)

Bathrooms for each school will be monitored allowing one child inside at a time.

Social distancing will be enforced in the rooms and areas will be marked with tape

Students and teachers will wear masks

Outside hall doors will remain open for ventilation

Individual considerations by school when implementing Plan Two

Primary students will be assigned a chair, marked with their name for exclusive use.

No carpet sitting or carpets will be used in the primary classrooms

DCS students will remain in their first period class for all classes except PE and lunch. Teachers will travel to their rooms.

MHS schedules do not permit staying in one room for all classes, so hallways will be set up for one-way direction.

In the event that a child or the child's family contracts COVID 19, the child will be quarantined for 14 days. Independent work will be assigned.

The hybrid plan (Plan Two) will be reviewed once a month. When conditions improve in the county, the plan will change to more closely resemble Plan Three.

Plan THREE

All restrictions for masks, social distancing or other reopening issues are lifted and Covid 19 is showing a strong decline in identified cases and deaths.

- 1. All students will return to a traditional school setting as usual. There will be classroom attendance 5 days a week following standards based curriculum**
- 2. School schedule given to students will be followed.**

- 3. All curriculum will be standards based and learning will be aligned for rigor, relevance and interaction.**
- 4. Students needs will be addressed through special programs and individual consideration.**
- 5. The 205 day calendar will be implemented**
